

To our valued patients:

We hope you and your family are safe during this difficult time. Our dental team is grateful for your continuous trust in our team in taking care of your oral health. As we continue to serve you during the COVID-19 pandemic, we're implementing "new normal" safety protocols to ensure everyone's safety.

To keep you and our employees safe, we kindly ask you to take the following steps:

- We suggest that our patients wear face masks in and out of the building.
- For **new patients and dental emergencies**, please arrive 15 minutes before your appointment to complete the necessary paperwork. Otherwise, please arrive at the exact time of your appointment to avoid overcrowding and maintain social distancing.
- Please come with fewer family members possible to minimize exposure.
- Once in the clinical area, please use the hand sanitizer provided, wash your hands, and practice social distancing.

In line with our efforts to keep a safe dental practice, we perform temperature checks on everyone who enters our dental care facility.

We put your safety as our highest priority and we appreciate your cooperation and continuous effort to take care of your oral health.

Sincerely Yours,

Dr. Raynald L. Desameau, DMD
Practicing Dentist / Owner
Radiant Smiles Family & Cosmetic Dentistry
